WITHIN CONSTRUCTION CO.

ABOUT US

Within Construction Co., dedicated to a wide range of civil construction services, including:

1. Construction Works
2. Electromechanical Works
3. Metal Works & Steel Gratings
4. Fencing and Security Systems
5. Concrete Repairing Services
6. Water Proofing Works
7. Fire Proofing Works
8. Blasting and painting
9. Scaffolding & Formwork Solutions

With our extensive experience in construction projects, Within Construction Co. has consistently built trust and confidence with our clients, establishing a strong reputation and becoming a preferred choice in the construction industry over the years..

Our services

1. Construction Works

Within Co. Contracting Company has been actively engaged in a wide array of construction projects for an extended period. Our company prides itself on maintaining a highly skilled and diverse workforce with expertise across various disciplines. The effectiveness of our technical workforce, combined with seamless inter-departmental coordination, has consistently resulted in a string of successful projects.

As a versatile company, WITHIN Co. has harnessed its professional skills to successfully undertake a variety of projects, including Mega Housing Projects, Commercial Developments, Shopping Malls, Chemical and Industrial Facilities, Cement Plants, Hospitals, High-End Luxurious Palaces, Resort Developments, Seafront Developments, Warehouses, Landscaping, and Infrastructure projects, among others.

In all our execution of construction & contracting sites, Within Co. has earned the trust and confidence of valued clients. During the recent years, WITHIN Co. has become a major contractor for SABIC, Royal Commission, MA'ADEN, MARAFIQ, Ministry of Higher Education & Ministry of Interior. Furthermore, WITHIN Co. is successfully completed industrial projects for Hyundai, SASREF, BECHTEL, etc.

2. Electromechanical Works

Within Co. Contracting Company is a leading electromechanical specialist, delivering comprehensive electrical installations, mechanical systems integration, and maintenance and repair services with exceptional precision and professionalism. With years of proven experience across commercial, residential, and industrial sectors, the company has successfully executed numerous projects built on quality, safety, and client satisfaction.

In all our execution of construction & contracting sites, Within Co. has earned the trust and confidence of valued clients. During the recent years, WITHIN Co. has become a major contractor for SABIC, Royal Commission, MA'ADEN, MARAFIQ, Ministry of Higher Education & Ministry of Interior. Furthermore, WITHIN Co. is successfully completed industrial projects for Hyundai, SASREF, BECHTEL, etc.

3. Metal Works & Steel Gratings

ABOUT US:

Within Construction manufactures steel gratings using an advanced electro-fusion process. This technology integrates microelectronics and process automation to produce high-quality fusion-welded gratings. During the process, cross bars are pressed into the bearing bars under high pressure and joined through electro-fusion welding, ensuring strength, precision, and durability

Mission

Within Construction is one of the regional leaders in

- **the engineering and industrial services.**
- **Fabrication of gratings.**

Our mission is to grow into a world-class Gratings solutions provider company, diversifying into new products, services and markets

OUR MAIN SERVICES:

- **Hot-Dip Galvanizing**
- **Steel Gratings**
- **Fabricated Gratings**
- **Metal Works**
- **Stair Treads**
- **Grating Clamps**

Our services

Steel gratings using electro-fusion process.

4. Fencing and Security Systems

WITHIN Construction Company Fencing and Security Systems Division specialized in the field of supply and installation of all types of Fencing and Security Systems , providing HCIS COMPLIANT CCTV, Access Control, Fencing Security Systems, Physical Security Systems, Personal Security Systems, and all associated integrated security system solutions for residential, commercial, and industrial customers , .

We have successfully completed major projects with the leading clients of Saudi Arabia and ongoing projects with SWCC/Acciona ,& MA'ADEN , etc.

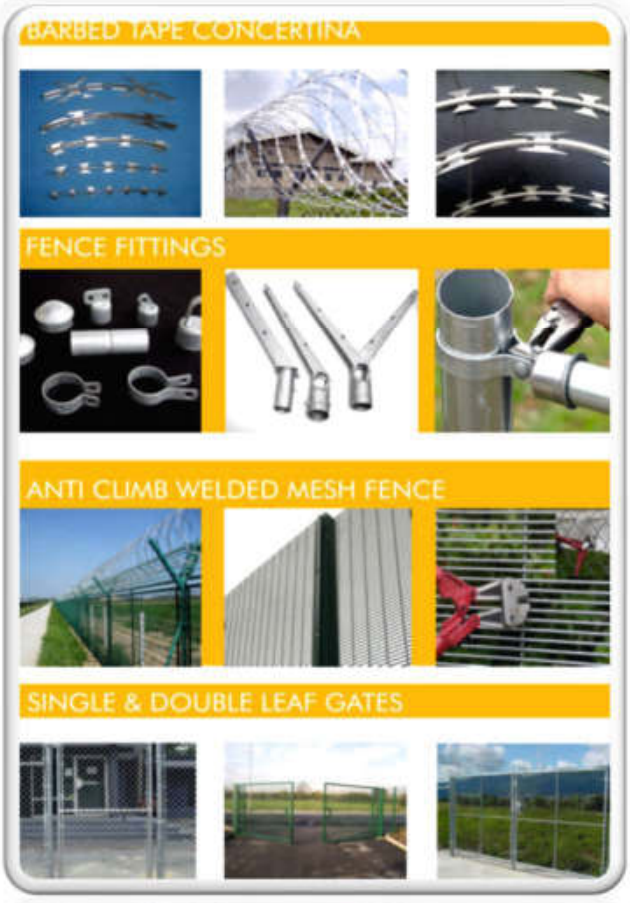

OUR SERVICES

We provide Security Fencing according to HCIS Directives 2017 Category 1~5

RWM (Rigid welded mesh Fence)
Chain Link Fence
Crash Rated Barrier
Bollards
Security cameras
Security Lighting

5-Concrete Repair & Rehabilitation

We are the approved & qualified contractor for concrete repair & rehabilitation work with various government organizations in the kingdom.

- Refurbishment of concrete structure.
- Refurbishment of pavements & floors.
- Concrete Protection.
- Crack injection.
- Jacketing.
- Mini piling.
- Shotcrete.
- Resealing movement joints.
- Renovations.

6. Waterproofing System

With the wide range of Waterproofing Systems, Within Co. with its professional technicians has perfectly balanced the proven system in its hand with entire requirement of the structure & client. We set standards in the waterproofing segments & provide the solution of the waterproofing problems. We install all type of waterproofing system available in the construction industry with our professional & highly trained engineers and technicians.

- Bituminous waterproofing.
- Cementitious waterproofing.
- Crystalline waterproofing(CPB).
- Thermoplastic membrane (PVC).
- Thermoplastic Polyolefin membrane (T.P.O.).
- Thermo set membrane (EPDM).
- H.D.P.E.
- Fluid-applied elastomeric membrane.
- Combo Roof System.

DUAYEN SPREY (HİDRO-İZOLASYON)
DUAYEN SPRAY (HYDRO-INSULATION COATING)
DUAYEN SPRAY (AISLANTE HIDRO-RECUBRIMIENTO)
ДУАЕН СПРЕЙ (ГИДРОИЗОЛЯЦИОННЫЙ МАТЕРИАЛ)

TR İki komponentli, elastomerik bir sistemdir. %100 solventsiz, %100 katı maddedir. Aromatik olan ürün aşınmaya çok dayanıklıdır. Ek yeri ve derz dolgu oluşmaz. Yüzeyin şeklini alır. 20 saniye kurur.

UYGULAMA ALANLARI:
Park yerleri ve garajlar, balkonlar ve çatı korumaları, endüstriyel zeminler, rafineriler, isıtma boru hatları, petrol boru hatları, gaz boru hatları, su arıtma sistemleri, mineral endüstrisi, madenler, petrol platformlar, köprüler ve tüneller...vb

EN It is two-component, elastomeric system, 100% solvent free and 100% solid material. The product is aromatic and very resistant against to abrasion. It provides excelent hydro insulation at buildings and grounds. It takes shape of the surface.

APPLICATION FIELDS:
Parking areas and garages, balconies and roof protection, industrial floorings,refineries, heating pipelines, oil pipelines, gas pipelines, water purification systems, asbestos encapsulation, mineral industry, mines, oil platforms, bridges and tunnels.

ES Es bicomponente, el sistema elastomérico, 100% libre de disolvente y 100% de material sólido. El producto es aromático y muy resistente contra la abrasión. Proporciona excelente aislamiento hidráulico en edificios y terenos.

LUGARES DE APLICACION:
Las áreas de estacionamiento y garajes, balcones y protección de la cubierta, suelos industriales/ Las refinerías, ductos de calefacción, oleoductos, gasoductos, sistemas de purificación de agua, encapsulado de amianto, industria

RU 2-х компонентное эластомерное покрытие. 100% без содержания растворителей. Ароматическая, устойчива к истиранию. Предназначена для нанесения бесшовного покрытия на поверхность любых строительных конструкций.

ОБЛАСТЬ ПРИМЕНЕНИЯ:
Парки и гаражи
Для защиты балконов и крыш
Промышленные полы
Промышленные холодильные камеры
Нефтеперерабатывающие заводы
Трубопроводы,
нефтепроводы, газопроводы
Системы очистки воды
В горнодобывающей промышленности
Металлы
Нефтяные платформы
Мосты и тоннели

АЛИФАТИЧЕСКАЯ КРАСКА (ДЛЯ НАРУЖНЕГО ПРИМЕНЕНИЯ)

TR Alifatik poliüretan esaslı, yüksek UV dayanımlı, iki komponentli, solventli son kat zemin boyasıdır.

UYGULAMA ALANLARI:
İç ve dış mekanlar, fabrikalar, atölyeler, garajlar, okullar, alışveriş merkezleri, üretim tesisleri, spor salonları vb.

EN DUAYEN A-325 is polyurethan based waterproof topcoat paint for outdoor applications. It exhibits high UV resistance, color retention, chemical and abrasion resistance. Aliphatic waterproof top coat paint for interior and exterior surfaces.

APPLICATION FIELDS:
It is used as a top coat of floorings in factories workshops, garages, warehouses, grocery stores, schools, shopping centers, showrooms, manufacturing plants, airplane hangars, water treatment plants, wherever is required high color and brightness.

ES DUAYEN A- 325, Es bicomponente, tiene la base alifatica, resistente al UV, piso acabado de pinturas. Resistente al agua, resistente a los quimicos, al impacto y resistente a la abrasion, se puede limpiar facil, es higienico, es una pintura que se puede utilizar en locales interiores y exteriores.

LUGARES DE APLICACION:
Se pueden utilizar para dar color y brillo de alta resistencio se aplica en lugares como: Fabricas, talleres, almacenes, mercados, escuelas, centros comerciales, showroomr, hangares para aviones, etc.

RU Дуаен А-325 2-х компонентная Алифатическая краска на основе Полиуретана устойчива к УФ -лучам, с сожержанием растворителей, водонепроницаемая, устойчива к химическим веществам и истиранию, легко чистится, предназначена для наружных помещений.

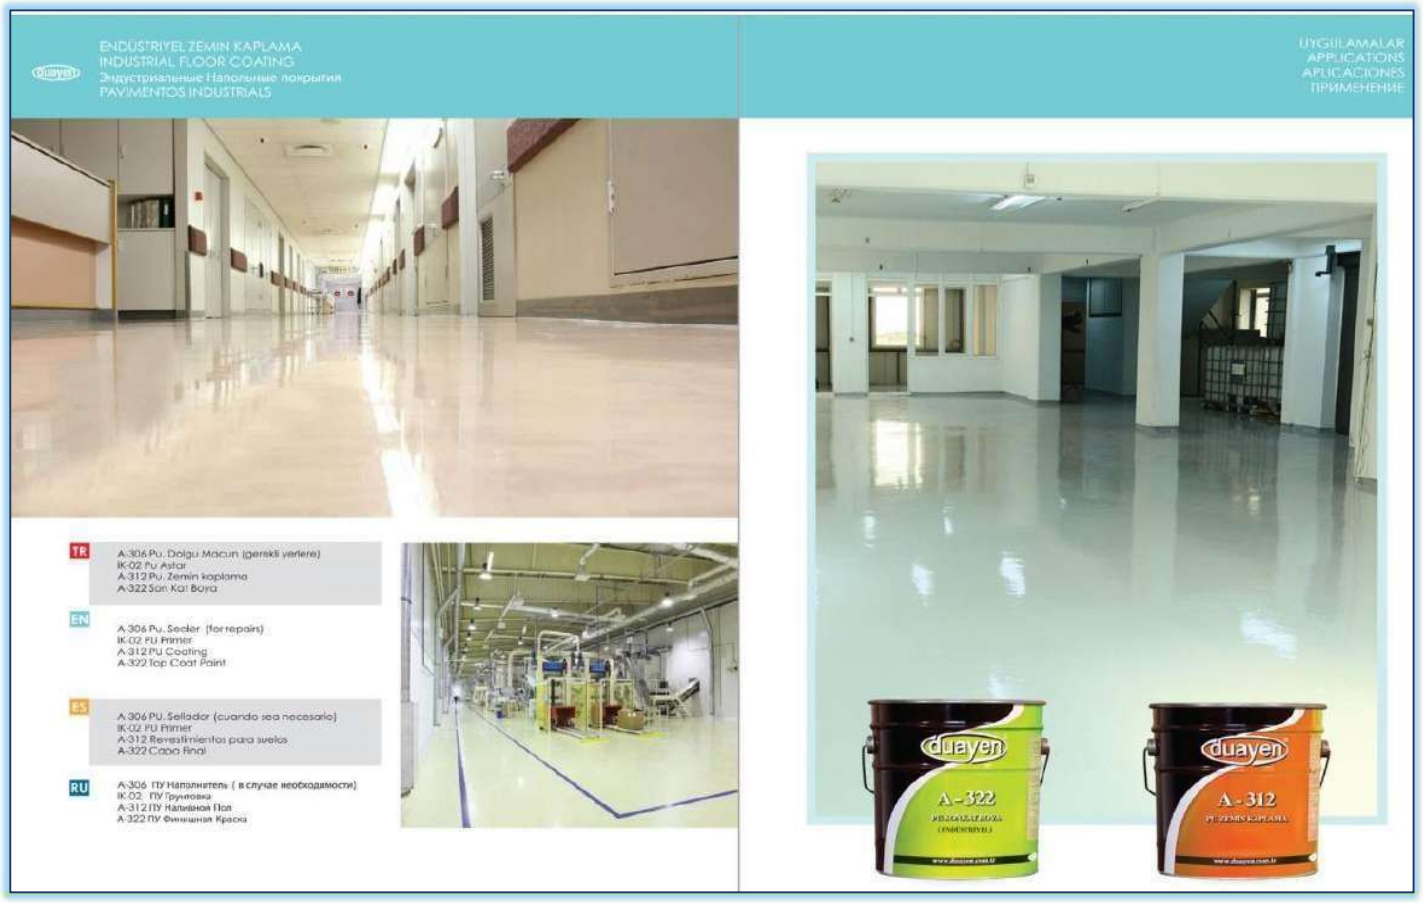

ОБЛАСТЬ ПРИМЕНЕНИЯ:
Фабрики, мастерские, гаражи, склады, рынки, школы, торговые центры, выстовочные залы, ангары, открытые спортивные площадки на ПУ основе.

BITUMINOUS MEMBRANE

7.Fireproofing Systems

Within is specialized contractor in fire proofing. We are applying fire proofing using different range of products such as cementitious and intumescent paint on steel structure equipment for industrial and commercial projects.

- Intumescent fireproofing.
- Cementitious fireproofing.

8. Sand Blasting & Protective Coating

- Abrasive blasting goes by many names, such as sandblasting, media blasting or grit blasting.
- These names all refer to the same method of surface cleaning and preparation.

Purpose:

- Surface cleaning and corrosion protection.

Targeted Structures:

- Concrete structures like tanks
- Steel structures
- Pipelines
- Industrial equipment like vessels ,reactors ,filters and others

Protective & Robotic Coating

Our coating equipment product lines are complete from 8 inches pipe size diameter to 60 inches pipe size diameter both for internal and external field coating application process. It is consist of line travel robotic cleaning, robotic coating and inspection robot

It is equipped and run with the help of wireless remote control, which send signal to the process brain to perform cleaning and coating activities as well as inspection.

This custom made robotic coating machine and equipment is develop through intensive research, feedback and recommendation from the experience field girth weld coating personnel. Developed to make sure an even distribution of coating on the girth weld resulting to even measurement of required coating thickness all around the surface of the internal field girth weld.

Cycle levels are adjustable with an average coating application time of 24 seconds per cycle process for FBE and 15 seconds per cycle process for liquid. It travel at the rate of 24 m/min or one minute between girths weld joint to joint of double joint pipe.

External coating equipment was developed also to give even application of Coating to entire external field girth weld surface. It is run using semi- automatic control process.

Equipment Technical Specifications Overview

INTERNAL EQUIPMENT

CLEANING MODULE

- 260mm Ø cleaning head for powerful centrifugal force
- 3000 RPM motor
- Linear actuators with sensors for Cleaning Head adjustable linear movement
- Transmission system for faster cleaning head rotation
- Ramp circuit for gradual start-up

COATING MODULE

- Faster application with a 2-spray nozzle coating head
- Gear motor for coating head rotation
- Air compressor for pneumatic valve & seal air supply
- High resolution camera for line travel & girth weld spotting
- Video transmitter
- Powder block with adjustable flow gate for precise flow rates.

INSPECTION MODULE

- Holiday detector
- DFT Gauge
- High resolution camera girth weld inspection
- Stepper motor for camera angle (360°)
- Air compressor for pneumatic valve
- Solenoid valve
- Pressure switch

VACUUM MODULE

- Change-over valve for grit suction & discharge (cleaning) operation
- Compressor drive motor
- Vacuum blower for grit suction
- Air compressor for change-over valve air supply
- High resolution camera for pre-coating inspection
- Video transmitter
- Stepper motor for camera angle (360°)
- Adjustable polycarbonate vacuum head

9. Scaffolding & Formwork Solutions

WITHIN Construction Company Scaffolding Division was established in the Industrial Area of Jubail, Kingdom of Saudi Arabia, with the Scaffolding Equipment of Cup-Lock & PERI Systems which can cover 800,000 M3.

We are specialized in design, sales, rentals and labor services for Scaffold and Formwork Systems. All our Scaffold Access and Formwork Equipment is developed to the highest and latest specific and are designed to meet or exceed the OSHA requirements. All engineered drawings and pricings available upon request. WITHIN Construction Co. Scaffolding Division is one of the largest Company in the Kingdom, in terms of owning materials for Scaffold and Formwork Rental.

We have successfully completed major projects with the leading clients of Saudi Arabia and ongoing projects with Saudi Aramco, Royal Commission, SABIC, MARAFIQ, MA'ADEN, & Royal Private Affairs, etc.

OUR SERVICES

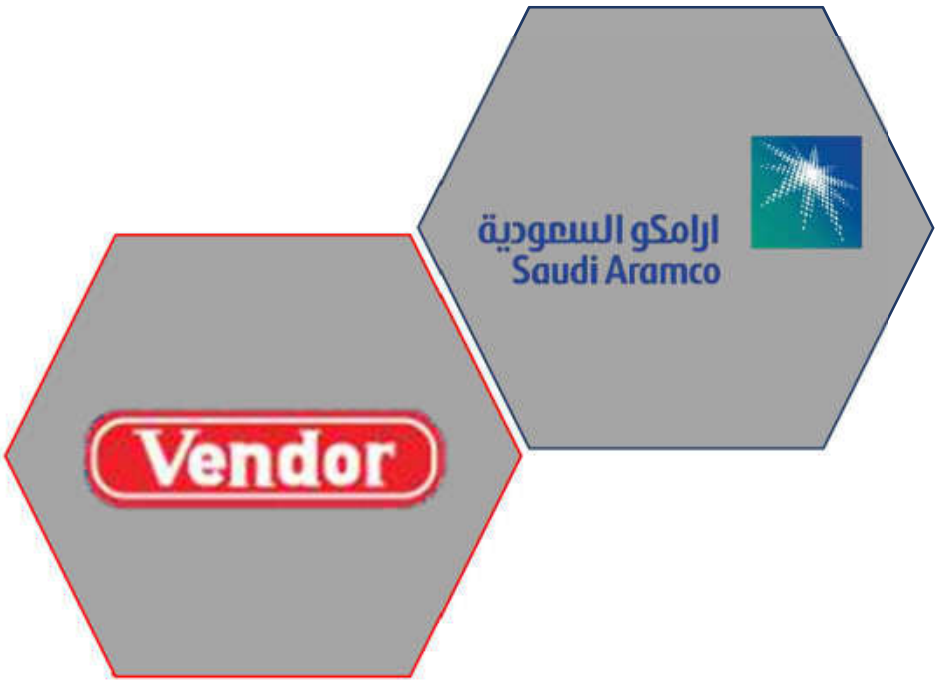

All types of Scaffoldings
Erection and Dismantle
Finishing and Maintenance
M.E.P Works
Shoring for Slab & Beam

PERI Formwork System
Formwork for Columns
Scaffolding Manpower

Saudi Aramco E-Reference No. 0000535

Registration Approval Letter

June 13, 2019

Attention : WITHIN CONSTRUCTION FOR GENERAL CONTRACTING CO.

CR Number : 2055104968
Country : Saudi Arabia

We are pleased to inform you that WITHIN CONSTRUCTION FOR GENERAL CONTRACTING CO. is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10064478, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center +966 (13) 874-2222.

Nader Hmoud Al Issa, Supervisor
Registration Unit
Contracting Services Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile thorugh Ariba for the following:
1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9COMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com
